

Qualifications for the Champions Regatta

The top five (5) finishing positions in the Colonial Cup, the Florida Championship Cup, the Dixie Cup and the New England Cup will qualify to attend the “Champions Regatta” at a place and time that will be announced early in the year.

If one or more of the top finishers are unable to attend, the qualification will move down the list of finishing positions but shall not be filled by a skipper that finished below 10th place in their group.

Should any group be unable to supply a full complement of contestants, those positions shall remain unfilled and the Champions Regatta’s Fleet shall be reduced by that amount.

If the winner of the previous years Champions Regatta chooses to attend the current Champions Regatta, that captain’s entry will be automatic. Their participation will not affect the number of qualifying captains from their home group. That group will still have their full number of positions available.

If a captain qualifies in more than one group, their qualification shall revert to their home group. If a captain from outside the four groups qualifies in more than one group they shall be placed in the group in which they had the highest finishing position.

All EC-12 Captains are eligible to attend any regattas in the consortium, however the Florida EC-12 Association does require that you belong to the Florida EC-12 Association to be scored in their championship.

The Champions Regatta is limited to a maximum of 21 boats.
